

**Time of Transfer Septic System Inspection Authorization**

I authorize \_\_\_\_\_ to enter the property at \_\_\_\_\_ for the purpose of inspecting the private sewage disposal system. I will either expose those portions of the private sewage disposal system that require exposure for inspection or I authorize the inspector to expose those parts of the system. I understand that the inspection will require entrance into the home or building to ensure that all wastewater from the structure is directed to the private sewage disposal system. In addition, I understand that the home or building may have the private sewage disposal system hydraulically tested or dye tested.

I understand that if the septic tank is not exposed the inspection cannot be conducted.
